

## BORESCOPE NEWS

### ViewTech Borescopes VJ-4 Video Borescope

After 15 years and a lot of real-world user insights and suggestions, ViewTech Borescopes has continued the VJ legacy with the all new [VJ-4 borescope](#).

The all new VJ-4 video borescope combines cutting edge imaging technology with an intuitive user interface, striking the perfect balance between performance and design.

Some of the features that set the VJ-4 apart from other borescopes include:

- Industry-first mini-joysticks
- A 5.5" OLED touchscreen display for navigation, on-screen image markup and annotation
- An intuitive on-board image and video filing system
- WiFi connectivity
- Full HD camera resolution
- Available dual-camera modules (front & side view) with picture-in-picture capability.

ViewTech Borescopes has the VJ-4 video borescope available and ready to ship for a free in-hands demo!
