

## THE MOST DEMANDING JOBS REQUIRE THE MOST ADVANCED EQUIPMENT

### Borescope News

Greetings!

With a strong emphasis being placed on remote visual inspections (RVI) and nondestructive testing (NDT) throughout many industries, ViewTech Borescopes has started the year with a record number of sales and looks to continue the trend with another year-over-year sales increase.

ViewTech highlights the addition of two of their newest clients that kicked off 2020 by adding a VJ-3 borescope to their inspection tool kit: Central Copters of Belgrade, MT and MATCOR Metal Fabrication of Morton, IL. Click [here](#) to learn more about ViewTech's newest clients.

### Industry News

#### Gulfstream G700 Begins Flight Testing

The G700 was introduced as the company's latest flagship in October at NBAA-BACE, where Gulfstream displayed a full-scale cabin mockup and showed video of the first test aircraft taxiing under its own power.

## Wyoming's Oil and Gas Industry Closely watching House Bill 14

House Bill 14 proposes to revise the terms under which permitted oil operators negotiate with non-leasing mineral owners within a drilling space unit, or an area designated for development. Proponents of the draft bill hope it provides more protection for unleased mineral owners, without stunting oil and gas leaders.
