With So Many Options, ViewTech Has A Borescope For Every Application

VJ-4 Overview

The latest generation in the VJ series, the [VJ-4 video borescope](#) combines cutting-edge imaging technology with an intuitive user interface, striking the perfect balance between performance and design.

Navigation of the pop-up menus, image annotation, and relative measurement calculations are all facilitated using the touchscreen or industry-first mini-joysticks.

VJ-3 Overview

The workhorse of the industry with over 3,000 units in service throughout North America. The [VJ-3 video borescope](#) is your grab-and-go borescope when reliability and ease of use are your top priorities.

Featuring an ultra-portable design, rugged construction, direct-response articulation, and one finger image capture and video recording, the VJ-3 delivers all the features you would expect in a high-quality inspection camera at a price that makes it accessible to almost everyone.

General Motors Digs Into Mining

[Business to Lead Race for EV Metals](#)

General Motors is trying to speed ahead in the race for metals underpinning the industry's shift to electric cars. The U.S. automaker is competing for a stake in Vale's base metals unit, people familiar with the matter said in February. A deal may give GM access to the Brazilian mining giant's copper and nickel resources that are key to making EV batteries.
