Introducing the 2.2mm VJ-3 Video Borescope

As inspection areas decrease in size, ViewTech Borescopes insertion tube diameters must follow suit. The VJ-3 2.2mm is the newest and smallest diameter inspection tool available from the industry-leading video borescope professionals at ViewTech. The VJ-3 2.2mm is utilized during many different types of inspection processes, including metal castings, small-scale components, circuitry and more ensuring that every part is up to spec. INDUSTRY NEWS

Manufacturing Holds Key to Recovery of Oil and Gas Markets

A revival in manufacturing across the world holds the key to the mid-term recovery of oil and gas markets, with consumer demand likely to lag as the energy industry begins to recover from the twin shock of the COVID-19 crisis and the resulting demand crash.
