

BORESCOPE NEWS

Will ViewTech see you in 2022?

Each year ViewTech Borescopes participates in a number of tradeshows throughout North America.

After nearly two years of many conferences cancelled, postponed or switched to a virtual platform, our video borescope experts are anxious to share our line of video borescopes with new connections in 2022.

[The Problem With 5G](#)

The protracted row between the Federal Communications Commission (FCC) and the FAA over the rollout of AT&T and Verizon 5G C-band service hit the pause button earlier this month, with the wireless carriers offering accommodations that at this writing appear to mollify the concerns of commercial air carriers at the U.S.'s largest airports.
